REOPEN CASE OF SERGT. DESHIELDS

Session of Court at 7 O'clock Tomorrow Night For Rehearing

WITNESSES SUMMONED

Military Policeman Was Fined $20 July 12 For Trespass—Reopened at Request of Military Authorities.

The case of Sergt. Deshields, a member of the military police force of this city, who was fined $20 in police court July 12 by Justice Thompson for an alleged charge of trespass will be reopened at a special session of the police court which will be held at 7 o'clock tomorrow night.

Justice Thompson decided to reopen the case at the request of the judge advocate from Camp Humphreys, Va.

A large number of witnesses have been summoned for both sides.

Sergt. Deshields it was alleged at the previous trial used abusive language to Rev. Dr. E. V. Regester and also to Henry Hunter.

The alleged offense was committed a short time after the accident at the south end of Hunting Creek bridge when two captains, three privates and a civilian lost there lives when a big motor truck plunged over the causeway at the south end of the bridge.

The authorities at Camp Humphreys have been endeavoring to have the fine remitted ever since the case was tried. Not succeeding in this they have asked for a new trial, formal appreciation being made last Saturday.

SEES ILL OMEN IN TANGLE

Peace Conference Work May Have to be Done Over Again, Says Dr. Edmunds.

San Francisco, July 21.—Fear that the work of the Peace Conference would have to be done over again in two decades unless China's protest against the award of Shantung to Japan were settled now, was expressed by Dr. Charles K. Edmunds, president of the Christian College of Canton, China, in an address yesterday.

"In the Chinese-Japanese situation is a duplicate of the recent situation in Europe with a militaristic Prussian party in control and the population in favor of a democratic party. It must be our concern to fasten to and said the right party in the future," he said.

"The situation is the remnant of the whole international attitude toward China. Japan only takes her one from other Western Powers which showed her in the past how they treated China. China looks to the United States for help. We should in the Orient apply the same principles of righteousness as we applied in Europe.

"I have seen large forces of Japanese troops in the capital of Shantung provinces. When the Germans were in possession they had only a small section of Kao-chau, and the Japanses forces I saw were in the heart of Shantung far away from the former German possessions."

RACE RIOTS IN CAPITAL

Disturbances of Saturday Renewed Last Night

Race riots frustrated here Saturday night by swift police action broke out in earnest last night along Pennsylvania avenue from seventh street to Fifteenth street, Washington.

In nearly every block groups of white men and negroes engaged in fist fights or more serious affrays in which clubs and knives were employed. At an early hours today injured negroes were being treated at several hospitals, mainly Emergency and Casualty, and nearly a score of rioters, mostly uniformed men, were locked up at the First, Sixth and Fourth precinct stations.

BIRDS AND NATURE EXHIBITS

Miss Katherine Stuart, This City, in Charge of Exhibit at U. of V.

The Auduborn Bird and Nature Exhibit now being held in Peabody Hall, Room 6, University of Virginia, under the direction of Miss Katherine Stuart, of Alexandria, leader of the bird study class, is attracting considerable attention. The people of the community as well as students and professors of the Summer School are often to be seen there in close examination of the rare bits of nature. The exhibit is neither particularly large nor exhaustive for its main purpose is merely to stimulate a serious interest in these subjects with reference to the training of ornithologists foresters, and the like. A sympathetic interpretation of bird life is also one of its chief aims, that better care may be taken of the songsters.

The morning bird walks are now conducted by Miss Stuart every Tuesday, Thursday and Saturday, starting at 6:30 a. m., fro mthe north steps of the rotunda.

SAY PRISON WAS FIRED

Wing And Scaffolding of Leavenworth Penitentiary Damaged

Leavensworth, Kan., July 21.—The west wing of the Leavenworth penitentiary was damaged by fire here Saturday night.

Flames were discovered near the center of the wing, which is nearing completion, burning the scaffolding. They spread rapidly, filling the wing and endangering the whole prison plant.

Prisoners numbering more than 2,000 and including a score or more of I. W. Ws' are confined in the east wing and, according to officials, made no distumbance during the fire.

That the fire probably was of incendiary origin was the belief of a prison official.

FOURTEEN DEAD

Houses Are Swept From Foundations And Children Inito River by Heavy Rain

Wheeling, W. Va., July 21.—Fourteen persons are reported dead as the result of one of the worst storms in the history of Wheeling, which struck this district Saturday night. For three hours rain fell in a steady torrent without the slightest let up. Streets became raging rivers and many houses were swept from their foundations.

Thirteen bodies were reported to have been recovered at Wegee creek, twelve miles south of this city, on th Ohio side, following a cloud burst which arried away the home of Steve Moxie, a foreigner, and hurled the building against a bridge. Early reports were fragmentary, owing to the fact that the scene of the tragedy was made almost inaccessible by the flood and all phone wires were blown.

NINE DEAD IN CLOUDBURST

Bodies of 7 Victims of Ohio's Saturday Storm Recovered.

St. Clairsville, Ohio, July 21.—Search continued throughout today for the bodies of the victims of Saturday night's cloudburst, which swept Belmont and other eastern Ohio counties. Nine persons are known to be dead, but reports that four others were drowned could not be verified. Seven bodies have been recovered.

The victims, who were drowned in Wegee Creek, comprised almost the entire families of two miners.

The power plant of the Webb mine of the Cambrai Coal Company was flooded. The mine, the largest in Ohio will be idle several weeks, it was said.

SUNDAY CLOSING AGAIN AGITATED

Several Merchants Cited For Alleged Violations—Cases Continued

A SPASMODIC AFFAIR

Lid Partially Down Yesterday—Many Persons Inconvenienced—Alexandria Frequently Tries to Clamp on Lid.

The cases of several merchants charged with violating the provisions of the blue laws yesterday by selling on Sunday were continued by Justice Thompson in the police court today.

Every now and then some one in Alexandria attempts to stop the sale of soda, cigars, lunches, etc., on the Sabbath's. The court has time and again ruled such as necessaries and despite these rulings agitation at intervals is renewed. As a result of the agitation on the part of some person or persons the lid to a certain extent went down yesterday. and the police summoned several persons to appear in court in order to have the matter thrashed out.

The city of Alexandia just now has several thousand strangers with in her gates. The last time the old blue laws were put in operation the lid went down with a bang and the new citizens were compelled to go to Washington in order to procure certain necessaries. Many of the stangers who had come to Alexandria to work became dissatisfied and left the city for places where the purtanical ideas were not in force.

FORMER SALOON MAN SLAIN

Reported Lured to Death by Enemy Who Told Him of Store of Liquor

Tampa, Fla., July 21.—The body of Charles Ewing, well known restaurant and saloon man, was found in a quiet spot some miles from this city Friday night. This morning Marion Highsmith was arrested charged with shooting Ewing, and the police say he has confessed to the crime. Highsmith lured Ewing to a lonely spot on Palm River by the story that he knew of a man there who had fifty cases of whisky he would sell cheap, being unable to dispose of it legally.

SOLDIERS LOSE LIVES

Pass Through Argonne's Fierry Ordeals to be Killed in Railway Accident

Junction City, Kans., July 21.—To go through the Argonne fighting last September without a scratch, only to be killed a few days later in a railroad accident, was the fate of three Junction City soldiers, according to comrades returning here.

The three, Edwin Hewitt, C. R. Snell and L. W. Case, started to the rear after the battle. They got in to a boy car standing on the track which they took to be a side track. It was a main line, however, and a train crashed into the car killing the three

HONEYMOON TRIP HALTED

Captain Barrett, Who Married Miss Drexel, Barred From Europe

Hillsboro, Ore., July 21.—Captain William N. Barrett will never be able to sail for Europe with his bride, formerly Miss Alice Drexel, heiress to the Drexel estate, of Philadelphia, New York and Newport.

The reason is that no birth certificate can be found for him, and he must have one before he can get a passport.

Barett's elepoement with Miss Dexel caused consideable comment. for he was unknown. He is the son of a former Mayor of Hillsboro. His former wife, who was Miss Kathleen Bailee, of Tacoma, is now living in Seattle.

FUNERAL OF MRS. DEMAINE

The funeral of Mrs. William H. Demaine, who died Thursday night took place at 2 o'clock this afternoon from her late residence, 819 King street. Services were conducted by Rev. Dr. E. V. Pallbearers H. Marvin Demaine, Windsor W. Demaine and Capt. Ernest M. Demaine, sons of the deceased, and Messrs. William M. Wheeler, James D. Wheeler, Robert L. Wheeler, Wellington, Va.; William Wilkins and Carlin Richards cousins of the deceased.

DRYS STILL IN THE SADDLE

Attacks on Drastic Provisions of Enforcement Bill Prove Futile

Washington, July 21.—Attacks on drastic provisions of the prohibition enforcement bill fell down again Saturday in the House, while the dry forces, still in supreme command, romped through the measure section by section and put the lid on debate at a nod from their leader.

It was a great hold day for the drys. They took control at the start refused to permit House leaders to take out five minutes for consideration of an important money measure, and kept on at work tonight in an effort to pass the bill at one sitting.

While the House was knocking down amendment after amendment designed to liberalize the measure, Representative Igoe, Democrat, of Missouri, announced he would offer a substitute that coul dbe enforced "without the annual expenditure of $50,000,000 and without a standing army."

There is no provision in the Igoe bill for enforcement of war-time prohibition, nor does it define intoxicating liquors. and persons manufacturing, selling, importing or exporting liquors would be subject to a $500 fine and one year's imprisonment for the first offense.

There was the utmost confusion at times during the day and often half a dozen were asking recognition with so much clatter some members complained they did not know what the house wos doing. Several amendments offered by Chairman Volstead, of the Judiciary Committee in charge of the bill, went through.

The House also accepted one by Representative Miller Republican Washington, requiring doctors issuing whisky prescriptions at drug stores offices to have maintained such office for a period of one year prior to passage of the bill.

The committee has planned a number of attractions the day of the excursion including baseball, cake walk, etc.

AUSTRIANS GET TREATY

Complete Draft Handed to Delegates; Given 15 Days For Reply.

Paris, July 21.—The complete Austrian peace treaty was handed to the Austrian delegates at St. Germain yesterday morning. They were given 15 days in which to make a reply.

SENATORS TO FIGHT LEAGUE TREATY

Declare They Will Defea Treaty Unless Amendments Are Made

33 VOTES NEEDED

President Wilson Said to Have Announced That He Cannot Accept Proposed Changes.

Thirty-five Senators have banded themselves together to defeat ratification of the peace treaty unless radical amendments to the league of nations covenant are accepted.

Thirty-three votes against would prevent ratification. The character of amendments insisted upon by these Senators is such that acceptance of their suggestions, according to the view of President Wilson, would leave the league without vitality.

The President has informed those Senators with whom he has conferred that he cannot consent to consider such amendments, which, in his judgment, would defeat the purposes of the league and make its acceptance by other nations, as amended, extremely doubtful.

In response to this declaration from the President, the Republican opponents of the league have sent him word that unless he does consent to the amendments which they think necessary and proper, the thirty-five votes will e cast against ratification

In an effort to reach a compromise with the Republican Senate majority word was conveyed to the leaders by the authorized representatives of the President that he would consent to certain "interpretative reservations."

This suggestion has been rejected by the leaders of the opposition, because, under the decisions of the Supreme Court of the United States, interpretative reservations do not become a part of the treaty and are not binding.

An impasse appears to have been reached. The President has no intention of withdrawing the treaty, and the Senate no intention of ratifying it. The President is indisposed to admit failure, and the Senate majority, apparently, is just as determined not to confess defeat.

BOOTLEGGERS BUSY

Are Reaping Financial Harvest With Whisky Imitations

Bootleggers selling tea, vinegar and other liquids that at a glance appear to be whisky or wines are reaping a financial harvest along the water front and around the railway stations, as witness two cases in the police courts today.

Henry Ellis of Laurel, Md., bought a pint of whisky for $5 from Elmer Johnson (colored) but when he drank it, it proved to be sweetened tea. Ellis complained and Johnson was fined $21.45 in the Police Court.

Patrolman Wode thought he had a good bootlegging case when he caught Finman Hicks (colored) handing a wellknown suitcase to a colored stevedore as a bay steamer was about to sail. It was discovered later that the suitcase contained two bottles of vinegar, a bottle of water colored with Coca Cola and four bottles of another liquid that had the appearance of light wine. He was fined $25.45—Baltimore News.

PLAYGROUNDS OPEN

All Children of City Invited to Visit Grounds at Lee School

All of the children of the city are invited to come to the playgrounds at Lee School and participate in the ou door games now in progress at the grounds daily.

The little children are to use the grounds from 9 until 11 o'clock each morning, and from 4 until 6 o'clock in the afternoon. The older boys and girls will use the grounds from 6 until 8:30 o'clock in the evening.

Benches will be provided for the mothers who come to see the children play.

An expert director will be in charge and in addition to games there will be other features so as to make the playgrounds attractive to all. Every child in the city, as stated above, is invited to come spend a pleasant hour or more at the grounds.

BAILED FOR GRAND JURY

Arthur and George Welch were brought before the Police Court this moring charged with having in their possession about two hundred dollars' worth of goods alleged to have been stolen frm C. and O. cars. Leather, coffee, and shoes were among the articles recovered. They were found in an ark near the electric railroad bridge over Hunting Creek and under a shed. The arrests were made by members of the city police force and railway detectives. The accused were bailed in the sum of one thousand dollars each for their appearance before the grand jury. Harry H. Simpson became their surety.

SHOOTS WIFE AND SELF

Philadelphian Firps Three Bullets Into Body of Woman—Two Into His Own Brain

Philadelphia, July 21.—Interrupted as she was dressing for the evening, yesterday by hearing a noise on the lower floor of her home, Mrs. Annie Young, the proprietress of a second hand furniture store, at 5043 Market street, hurried to the kitchen. When she opened the door she was met by a fusilade of bullets from a pistol in the hand of her husband, from whom she was estranged. One of the shot entered her head, another lodged in back and a third penetrated her right leg. A fourth went wild and the remaining two in the chamber of the pistol were used by the husband to end his own life. He sent them crashing into his brain through the roof of his mouth.

Mrs. Young and her husband, Frederick Young, were married about 12 years ago according to neighbors. At the time Mrs. Young was a mere girl of not more than twenty yeas. Her husband was virtually twice as old and a divorcee, whose first wife obtained a separation on the grounds of cruelty.

DO NOT FAVOR STRIKE

Berlin, July 21.—The workmen's Council of the Social Democratic and German Democratic parties met yesterday and passed a resolution which says that while they would sympathize with a general strike against the Versailles "peace of imperialism," they see in the stoppage of work in Germany no advantage to be gained since every hour of failure by men to work will hold down the reconstruction of the country.

The resolution recommends no cessation of work, but favors participation by wokmen after working hours in a Socialist demonstration for general fraternity.

THE SUNDAY LAW AGAIN

In the words of an old saying, "The devil stands cross-legged" for Alexandria. After having waited patiently for scores of years for a tide of prosperity to appear in our city, as soon as our commercial interests began to assume a condition for the better, and at a time when thousands of persons were turning their eyes toward our city, first one thing and then another is sprung which materially retards the city's growth. About this time last summer, when twenty or thirty thousand soldiers were at Camp Humphrey's and when thousands visited Alexandria daily, a ban was placed upon the city, it being alleged that our sanitary conditions were not of a nature to allow soldiers to take the risk in eating and drinking among us. This barrier, however, was removed in a few weeks, and normal conditions followed.

The demand for the strict enforcement of the Sunday law, like the seventeen-year locust, has again made its appearance, and several parties were cited to appear in the Police Court this morning to answer the charge of keeping their places of business open yesterday. The cases were continued, probably indefinitely, as the alleged delinquents conduct lunch houses, which are regarded as necessaries.

The sentiment of a large majority of Alexandrians is averse to the strict enforceemnt of this law, besides the provision—except works of necessity—affords room for a broad construction of the statute.

The City Council forty-odd years ago adopted a drastic Sunay law, which, however, never was enforced to the letter. Under its provisions a lawyer who might study a case on Sunday could be fined.

A celebrated Irish barrister once said: "You cannot indict a community." An able lawyer of this city, and one known throughout the state, recently said there are times in the history of every community when certain laws cannot be enforced to the letter. A perusal of the code of Alexandria will convince any person that the barrister is right. For instance, one statute makes it a misdemeanor for any person to leave a vehicle in a public street over six hous. Another makes it unlawful to repair a vehicle in the street. In this day of automobiles a large portion of the community would be haled into the Police Court for viloation of these laws were attempts made to enforce them. A man who stopped his auto in the street and attempted to make some minor repair is liable to a fine.

There is at present in our city what may be termed a large floating population, composed of men employed here and who virtually have no homes. They rent rooms and in many cases simply cots and eat and drink where they please. To clamp the lid down on every species of trade on Sundays would be a serious mistake, under existing conditions, many believe.

Ice dealers, dealers in newspapers, milk dealers, lunch houses, icemen and many others are immune, as their occupations are regarded as essentials.

Thousands of residents went to Washington yesterday for the purpose of enjoying in the capital city, what is forbidden in Virginia, notwithstanding George Mason's Bill of Rights and the action of the heroes of seventy-six who fought and died for Liberty.

Madame Roland's plaintive exclamation when about to be beheaded by French revolutionists, who were demanding Liberty, is often quoted. This noble woman, pointing to a clay statute of the goddess, exclaimed, "O, Liberty! Liberty! what crimes are committed in thy name." Her words have come down the ages, and are especially applicable in these days when certain people would deprive the world of tobacco, cigars, eta, coffee, chocolate, and —tell it not in Gath—buttermilk.

TIMES' AMERICAN NUMBER

We have received from the publishers the American number of the London Times, dated July 4th, "the day we celebrate."

The compact style of the "Thunderer" is in evidence in this number, about one-half of which is devoted to America and advertisements from the United States.

In bygone years we occasionally received a copy of the London Times, but, we believe, this is the first copy we have seen during the past five years. It came suddenly as is often the custom of some old friend.

The Times, is we believe, the oldest and one of the most generally known newspapers in the world. For many years it was probably the most seclusive. In the days of John Walter, descendant of one of its owners and founders, nothing was allowed to enter into the get-up of the paper that did not come out of England. It is said that the bricks used in the construction of the present Times Building in London were made of clay dug on Walter's estate. In this day and generation, however, its publishers realize there are other people in the world save the English, and they occasionally cast their eyes beyond Albion. The late terrible war, and the aid given in behalf of the mother country by the second English speaking country of the world has caused the British lion to be prouder than ever of its whelps, and to labor to bring about goodfeeling with a nation with which Great Britain must have intercouse.

A LESSON FOR AMERICA

The great general strike of French workmen which was planned for today is off.

With the collapse of the strike the great international Socialist threat against England, France, Italy and Belgium is removed and the people of the allied countries are free to concentrate on the problems of reconstruction.

The real cause of its abandonment of the strike was the inspiring rebirth of French patriotism brought about by the July 14 parade. Never, perhaps, has any one public spectale had such a remarkable effect as this parade.

France, torn by internal dissension due to the high cost of living, reconstrution problems and the long wait for the signing of the peace treaty, seemed on the verge of revolution, but the parade has swept dissension to the four winds, and united the people with bonds of iron.

Todays strike, planned as a demonstration of the power of labor, has to have been the forerunner of revolution.

The labor leaders were quick to see the effect of the parade in the rebirth of French patriotism and the disposition of everybody to stand united for the future of France.

And today France turns not to revolution, but to the questions of the future and what concerns her most of all is the high cost of living.

The laboring element of the United States would do well to follow in the footsteps of their French brethren. Our country is unfortunately strike-ridden, thousands of men having relinquished their occupations, almost bringing commerce to a standstill in certain sections. Pro (Deo) et pro patria should be the motto of all, and the French laboring element have acted wisely in adopting at least the latter clause at this time when the allies want concert of action in the work of rehabiliating the civilized world which during the past five years has been cast into chaos.

BLOCKING STREETS

Mayor Fisher is considering the advisability of refusing to give his approval in future to the custom of stretching ropes across streets upon which people suffering from indisposition may reside. The custom is ancient, but his honor, like many of his constituency, believe it has long since outlived its day of usefulness.

Half a century or more ago, when the old cart and dray with their iron tires were in evidence at a time when our streets were surfaced with cobblestones and in places with boulders, the running of heavy vehicles minus springs over the same made a deafening noise, and it was realized that such caused distress to persons critically ill. Different conditions, exist at present, as many thoroughfares are paved with vitrified brick or have improved macadam roadways over which vehicles make comparatively little noise. Besides most vehicles are of the motor variety at present and their whir causes no great distress to sick folks.

Ropes stretched across streets is a menace, as autos often run suddenly upon them and in cases collisions occur. Such accidents are dangerous, as there is a liability of carrying away windshields if not the tops of machines.

Several accidents have been narrowly averted recently where such menaces have been allowed.

Some persons assume that the custom of stretching ropes is lawful. It is, however, merely tolerated, and where there is no real reason for resorting to this method of drowning noises application for such a privilege should not be made.

MAN KILLED BY TRAIN

With every chance of escape cut off by trains on either side of him Jacob Messerole, aged 72, a well-known Harrisonburg business man, was instantly killed at 11 o'clock Friday morning when struck by a fast passenger train at Burke Station in Fairfax county. Mr. Messerole was returning to Harrisonburg on the Southern train, which was being held at Burke Station on account of a freight wreck.

Another train, standing on a switch, left the northbound track of the main line between the two trains open, and it was down this track Mr. Messerole started walking. Upon hearing the approach of the fast train, he started running, but was struck by the engine of the limited, as he was in the act of stepping off the track. He was hurled a considerable distance, striking the side of one of the coaches.

Mr. Messerole came to Harrisonburg from New York State, and played an important part in the development of the city. For twenty years he was an active member of the City Council, and was later register for the Second Ward. He retired from business in 1915.

PENNIES CAUSE STABBING

Conductor Gives Negro Change; Receives Eight Wounds

Petersburg, Va., July 21.—Following an altercation over change, Conductor Woll, of the Camp Lee Electric Railway Line, was stabbed eight times by a negro Saturday night.

Woll is said to have offered the negro 10 pennies as part of his change for a quarter. An argument followed, after which the negro stabbed Woll in the neck. Woll is in the Camp Lee Hospital. The negro was taken into custody by the camp authorities.

DEMANDS SEAT FOR BERGER

Appleton, Wis., July 21.—A resolution demanding that Victor L. Berger, Socialist congressman-elect from the fifth Milwaukee district, be given his seat in Congress was adopted by the Wisconsin Federation of Labor, in annual convention Saturday.

The convention adopted a resolution putting the federation on record against all measures for increasing military preparedness; against compulsory military training, and against military training in public schools.

WAR SAVINGS STAMPS MADE HOME POSSIBLE

Man Who Suddenly Found Himself Without Roof Over Head Was Able to Buy Property.

This true story tells how War Savings Stamps built a sure protection around one Washington war worker and his family.

Early in the war savings campaign he began a small systematic investment in Thrift Stamps, which ultimately grew until he had an investment of $100. He says he acquired his stamps without depriving himself or family. The investment "just grew" out of incidental savings.

Presently this incidental money became scarce. The war worker and his family felt the burden of the war-time high cost of living, and the anxiety and expense of extraordinary illness of the two children. Then another blow fell. He awoke one morning to find that he had no place to live.

His residence had been sold and he and his family were asked to vacate. He could find no houses for rent within his means, and was confronted with the necessity of leaving the city or buying a home for his family. He could not buy without making a substantial initial payment, and ready funds were seemingly beyond reach.

Then he thought of his War Savings Stamps. He remembered they were redeemable on ten days' notice, with accrued interest. With the proceeds of these stamps and such small sums as he could gather he made first payment on a new home in the suburbs.

Recently he refused to sell it for $1,200 more than the purchase price. This man is a War Savings Stamp enthusiast—and he is on the straight road to financial independence.

Start your mind going along saving lines and then watch it travel. Buy W. S. S. regularly.

Pull together to produce more, to eliminate waste, to save and to invest in W. S. S.

Keep your money at work for you. Re-invest your Liberty Bond interest in W. S. S.

REMEMBER THE ANT

Save and have!

Remember the story of the ant and the grasshopper? The ant worked and saved. The end of each day found him with a little more added to what he had the day before. The grasshopper danced and sang and fiddled his time away. Winter came; the ant had plenty. The grasshopper had nothing; he had not saved. He went to the ant and asked for help. Said the ant: "While I worked, you fooled your time away. You can dance now for all I care."

Are you an ant-person or a grasshopper - person? Some time are you going to have to ask for help and will someone tell you to dance; or will you be independent?

If you save now, you'll have later on. Let the end of every week find more Thrift Stamps on your card. At the end of every month be able to show more War Savings Stamps pasted on your certificate. Lend your money to the government at 4 per cent interest, compounded quarterly, and see it grow.

Take stock of yourself! What are you worth? Will next New Year's Day find you worth more or less? Which will you be; an ant or a grasshopper?

STRIKES TIE UP TRAFFIC

Thousand Miles of Traction Lines, 9,000 Cars and 11,000 Employees Are Idle

Boston, July 21.—New England faces one of the gravest strikes in its history.

The Boston car strike, which tied up all elevated, subway and surface lines two days ago, has been followed by a walkout of union car men throughout virtually all Rhode Island.

One thousand miles of trackage and more than 9,000 cars are idle, the total number of employees out being 11,000.

Several thousand marine workers followed the car men, and shipping in Boston, Providence and other New England ports, with he exception of a few coasting steamers and harbor excursion boats, was at a standstill. Boston and Gloucester, two of the biggest fishing ports in the country, were further paralyzed by a strike of 4,000 union fishermen.

SHOT FRIEND FOR BURGLAR

Grafton (W. Va.) Woman Dying From Landlady's Bullet

Grafton, W. Va., July 21.—Mrs. Alice Keener, aged 19, is dying from a pistol wound through the lungs inflicted by Mrs. W. L. Brown, wife of a Baltimore and Ohio Railroad employe, near here, with whom she made her home, having separated from her husband. The shooting, according to the statement of Mrs. Keener made at the hospital, and of Mrs. Brown, was unintentional. Mrs. Brown, it is said, had mistaken Mrs. Keener for a burglar. She thought Mrs. Keener had gone to visit a neighbor and, thinking she would stay all night, had locked up the house.

Mrs. Brown had protested against Mrs. Keener's going away. She did not know that Mrs. Keener had yielded to her objection and had gone out and ascended the outside steps to the upper floor of a two-story porch, where she threw herself on the floor and fell into a doze. About 10 o'clock Mrs. Brown heard a noise on the porch and, assuming it came from an intruder, shot, the bullet going clear through Mrs. Keener's body. Mrs. Keener has one child.

CROP OUTLOOK IS FINE

Buckingham County Farmers Never Had a Better Prospect for Corn and Tobacco

Arvonia, Va., July 21.—Farmers throughout this section report the greatest corn crop ever grown. The prospect is magnificent. Unheard of yields are anticipated.

The largest tobacco crop ever known is now getting in top. There is more or less grass, but growers say this will be conquered after the rains are over. All other crops are flourishing. Gardens were never better.

The wheat crop is finally thrashed, with an estimate of about half a crop all told. The quality of all nonbearded wheat is poor, bearded wheat generally good. Some growers report serious wheat disease; others report the crop ruined by adverse weather conditions.

GIVES MARE FOR WHISKY

Danville Man Trades Old Family Horse for Liquor

Danville, Va., July 21.—Corn liquor such as is made at the mountain still, has won a new market value, an old gray mare having been traded for two gallons of the brew a few days ago. This fact was revealed in the trial of Thomas Hartman and Bud Slate, two countrymen who were arrested by police officers a few days ago while they were making a liquor cache. The trial developed the fact that Hartman traded the old family mare for two gallon jugs filled with "raw" liquor.

He made a confession to Mrs. Hartman when she inquired about the animal, and when she heard of the trade she threatened to expose the entire transaction to the police unless the steed was returned to the lot. This was promptly done, but the police got wind of the bargain. They followed the men and caught Hartman and Slate "with the goods."

BALTIMORE, MD. U.S.A.

Yes, a bottle of CLOVERDALE GINGER ALE "every now and then" is good, but the way to know the real beneficial results to be derived from CLOVERDALE is to **drink a bottle regularly every day.**

Drink it with your lunch or your evening meal, or before going to bed; but drink a bottle regularly every day and you will soon know why **CLOVERDALE GINGER ALE is good for you.**

One very important feature in which CLOVERDALE is distinctively different from other Ginger Ales is that

"It Doesn't Bite"

The secret is really no "secret" because we use genuine Jamaica Ginger and pure Lemon, instead of ordinary red pepper. **CLOVERDALE has the "snap" and the "fizz," but not the "bite."** The water we use exclusively comes clear and sparkling from our celebrated Cloverdale Springs at Newville, Pa.—and that gives CLOVERDALE GINGER ALE additional and exceptional health qualities.

CLOVERDALE GINGER ALE is a good health drink for every member of the family—young and old.

Order a Case Today---Serve It Cold

Each bottle of CLOVERDALE GINGER ALE contains two full-sized glasses, and is sold in cases of 24 bottles each. You can buy it by the case or the bottle from leading grocers, druggists and other places where good drinks are sold.

Delicate Mechanism

Despite its scope, Swift & Company is a business of infinite details, requiring infinite attention.

Experienced men must know livestock buying with a knowledge of weight, price, the amount and quality of meat the live animals will yield.

Each manufacturing operation must be done with expert skill and scientific precision. A highly perishable product must be handled with speed and care to avoid loss.

Chemists, engineers, accountants, and other specialists are required to take care of our intricate problems.

Alert wisdom and judgment must be used in getting stocks of goods into the open channels of demand through our four hundred branch houses. Branch house organizations must show activity and energy to sell at the market in the face of acute competition from other large packers, and hundreds of small ones.

All these requirements of intelligence, loyalty, devotion to the task, are met in the personnel of Swift & Company. Yet the profit is only a fraction of a cent per pound, with costs at minimum.

How can the workings of this delicate human mechanism be improved upon?

Do you believe that Government direction would add to our efficiency or improve the service rendered the producer and consumer?

Let us send you a Swift "Dollar".

To the Citizens of Alexandria

The following gentlemen have been appointed a committee to solicit funds for the Children's Home of Virginia at Richmond, and have been requested to raise $1,200.00 as Alexandria's proportion of the $150,000 drive.

The committee feels that they have neither the time nor inclination to make a canvass for this institution owing to the numerous demands made upon our people in the past, and also feel that this is a most important work and should be most liberally supported by our people, and are, therefore, bringing the mater to your attention for your consideration and help in this way.

Help save the children of Virginia, our most valuable asset.

Send contributions to any member of the committee.

Whole Jewish Communities to Quit Russia—Youths are Organizing

New York, July 21.—More than a million Jews from every part of the globe are preparing to immigrate to Palestine as soon as its political status is fixed, according to surveys by the Intrnational Zionist Organization made public here last night.

Emigration committees have been formed in many countries, it was said, while tens of thousands of young men from every occupation have organized groups of agricultural training and study of technical and scitntific questions bearing on settlement of the Jewish homeland.

From Russia reports have been received that whole Jewish communities have "prepared to strike their tents" and strong protests have been made against the proposed limitation of immigration to 50,000 a year. In Odessa preparations are reported already under way for handling the vast throngs expected to pass through as soon as traveling is safe.

Not only in Poland, Hungary, Holland, Germany and other European countrits are thousands of Jews said to be liquidating their property preparatory to migrating, but Jewish residents of Canada and Central and South American countries are making ready, while England and the United States are expected to contribute their quota of man power.

FIGHT OVER EX-KAISER

Housewives Land in Pennsylvania Court Arguing Fate of Former Emperor

Kulmont, Pa., July 21.—Just what shall be done with the ex-Kaiser, is not a question with many of us, yet it caused much dissatisfaction between Mrs. Barbara Kalman and Mrs. Dietsia Barrow.

Mrs. Barrow and Mrs. Kolman are neighbors. These two ladies quarreled so frequently and violently that a spite fence some seven feet high was erected between their adjoining back yards. Even this fence could not decide the issue and the battle of words went merrily on.

Mrs. Barrow was placed under arrest, and after a hearing Justice Culton sent the women after their promises to be good and leave the destiny of the "ex" but not lamented Emperor to the statemen in Paris.

APOLOGY NOT ENOUGH

U. S. to Demand Punishment of Mexicans Who Held up and Robbed Bluejackets.

Nothing short of an apology from the Carranza government, together with evidence showing that the band of desperadoes who insulted the American flag and held up and robbed a number of American sailors have been summarily punished, will be accepted to the United States.

This was said to be the attitude of the State Department yesterday as officials awaited further information of the affront which occurred July 6 near Tampico, Mexico. This is territory where Carranza is supposed to be in complete control, and because o fthis alleged control neither American soldiers nor sailors are permitted to carry sidearms. The defenseless condition of the American bluejackets made them easy prey for the bandits.

ORDER STRIKE VOTE

A. F. of L. May Also Ask Nonunion Labor's Attitude.

Pittsburgh, July 21.—The American Federation of Labor's national committee for organizing iron and steel workers, in session here yesterday ordered the taking of a strike vote of 150,000 organized employes of the United States Steel Corporation and other iron and steel and allied industries throughout the country. Takin of the vote will start at once and be completed in 30 days. In addition to the organized workers an effort will be made to secure the votes of unorganized workers, according to the committee. The strike vote will taken by th 24 established international unions constituting the national committee.

The right of collective bargaining is the chief demand of the union, said an announcement by the committee, which issued a list containing thirteen other demands, including establishment of the eight-hour day, increases in wages sufficient to guarantee American standards of living and abolition of company unions.

John J. Fitzpatrick, of Chicago, president of the Chicago Federation of Labor and chairman of the national committee, following yesterday's meeting, said, "The time has passed for words; we are taking action."

For Burning Eczema

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c, or $1.00 for large size, get a bottle of Zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

LIQUOR STOCK QUESTION

Property Rights Phase of Proposed Dry Bill Will be Given Extreme Legal Test

Whether the radical drys succeed in the end in barring the individual citizen from possession of private stocks of liquor or in limiting the amount which such citizen may possess, it seems certain that the issue of property rights will be raised in some definite form and that the Supreme Court of the United States will have the final say upon the question.

In most Congressional circles the view has been taken that the ownership of legally acquired liquor; that is, liquor bought and paid for prior to July 1, held in the personal possession of the owner, could not be legislated against. House and Senate lawyers for the most part have seemed to agree upon this point. Even the Antisaloon League counsel, Wayne B. Wheeler, in a statement regarding the enforcement "code" which his organization is backing, said:

"It does not prevent the possession of intoxicating liquor in a private dwelling if the liquor was secured before the law goes into effect. It does not permit a search warrant to be issued for such liquor in a private dwelling."

Mr. Wheeler does not discuss the power of Congress to bar the ownership of private stocks. He does not say whether he believes that body has authority to confiscate property for other than public uses or not. He merely says that the Antisaloon League is not seeking to confiscate or to search and seize in the name of the Government.

ALLIES TO FIGHT REDS

Mass Strong Army to Rush Across Border Under Paris Orders.

Basle, July 21.—Preparations for a strong allied attack on Hungarian Soviet troops were being rushed today. Under orders from the Peace Conference at Paris Gen Franchet D'Esperey will have supreme command of the allied forces, which will include two French army corps, one cavalry division, 70,000 Rumanian troops, 30,000 Czecho-Slovak troops, and a contingent of 20,00 Jugo-Slavs. About 12,000 Hungarians, deserters, from the Soviet ranks for the most part, have joined the allied forces.

Gen. D'Esperey is preparing to attack the Hungarian Red Army for the purpose of allowing the Hungarian people freedom to elect a government to succeed the Soviets, now in power there. The French contingent is composed almost entirely of colonial troops, under Gen. Lobe. They will attack the Zex-Nagykikinda to Baja line.

Italy was expected to send a contingent to reinforce the allies. Meantime the Red army was preparing to offer stiff resistance. The Soviet leaders in Hungary admit that their Fifteenth infantry regiment has deserted and joined the counter revolutionists.

The Hungarian contingent with the allies will be under command of Kertochatell, who was recently interned in Roumania.

DEFEAT LAID TO PERFIDY

Austrian Chief of Armies Blames Loss of War on Italy's Leaving Alliance

Zurich, July 21.—"Austria made a grave and fatal mistake in accepting war at the most unfavorable moment declared Conrad von Hoetzendorff, Austrian generalissimo in an interview.

"Austro-German diplomats were convinced however," he said, "that Italy would discharge the obligations of her part in the riple alliance. Personally I placed no reliance upon Italy I told my comrades that the triple alliance was a three-legged table, which when one country was removed, was totally useless.

"I endeavored to persuade the German generals to attack Italy much earlier than the actual campaign began. They would not take my advice and as a result, we lost the war.

"If we had resisted on the Italian front for but one week longer, the Italian army would have collapsed."

DANVILLE TO SWAT RATS

Danville, Va., July 21.—Owing to widespread damage which has been wrought during the past few months by rats, the City Health Department will inaugurate a campaign against the rodent at the end of this month. Prizes will be offered for the largest number caught.

Wharf rats have made their appearance here during the past few months, and in several instances chicken runs have been invaded and damage done to fowls at night. Rats have bitten two adults and two children at night comparatively recently.

MORTE POUR FRANCE

Spring has come again and tender green covers the battle-scarred earth. Nature, the sovereign panacea, has already begun her work of restoration —flowers blossom over the graves of fallen heroes. Soon May will bring the poppies, "between the crosses, row on row," little gray crosses, each with its aluminum identification tag—and those that mark the graves of the men who are buried in French cemeteries inscribed with the words "Morte Pour France."

Sixty thousand Americans lie asleep in France, "Morte Pour France"—surely no other sentence could tell the story half so well. "Dead for France."

Probably the best known poem of the war is one quoted below, "In Flanders Fields," breathing the fine spirit of sacrifice for an ideal. "America's Answer" stilled all fear that the sacrifice was in vain, and now when victory in battle is won comes "America's Consecration," pledging a victory of right.

"Be it our task to save,
"In memory of the life you gave,
"Those rights for which your blood was shed
"In Flanders Fields!"

This is our task, in memory of those sixty thousand dead, to insure the victory they won, else they have died for naught.

To every citizen of the United States belongs this opportunity, the last opportunity to measure up to the standard set by the boys. The greatest victory of all must be won now, and the shots that will bring it about will be made of dollars. Lend yours to end the war. Buy Victory Liberty Loan bonds.

IN FLANDERS FIELDS

By Lt. Col. John D. McRae.

(Written during the second battle of Ypres, 1915. The author, Dr. John D. McCrae, of Montreal, Can., was killed in Flanders, January 28, 1918)

In Flanders fields the poppies blow
Between the crosses, row on row,
That mark our place; and in the sky
The larks, still bravely singing, fly,
Scarce heard amidst the guns below.
We are the dead. Short days ago
We lived, felt dawn, saw sunset glow,
Loved and were loved, and now we lie
In Flanders fields.

Take up our quarrel with the foe!
To you from failing hands we throw
The torch. Be yours to hold it high!
If you break faith with us who die
We shall not sleep, though poppies grow
In Flanders fields.

AMERICA'S ANSWER.

By R. W. Lillard

(Written after the death of Lieut. Col. McRae, author of "In Flanders Fields," and printed in the New York Evening Post)

Rest ye in peace, ye Flanders dead,
The fight that ye so bravely led
We've taken up. And we will keep
True faith with you who lie asleep,
With each a cross to mark his bed,
And poppies blowing overhead,
Where once his own life blood ran red;
So let your rest be sweet and deep
In Flanders fields.

Fear not that ye have died for naught,
The torch ye threw to us we caught,
Ten million hands will hold it high,
And freedom's light shall never die!
We've learned the lesson that ye taught
In Flanders fields.

AMERICA'S CONSECRATION.

By Charles Hall Davis, Petersburg, Va

(Written on December 10, 1918, after the armistice was signed and Germany defeated)

The poppies' blooms now mark in red
Your resting place, ye gallant dead,
In Flanders fields. And as they wave
Above each cross-marked, Allied grave,
And breathe their opiates overhead
To ease each narrow, earthen bed,
Where you now rest—your spirit fled;—
Sleep peacefully, ye warriors brave
In Flanders fields!

The cause that you so boldly led
With dauntless spirit, unafraid,
Is won. Be it our task to save,
In memory of the life you gave,
Those rights for which your blood was shed
In Flanders fields!

FARMERS' SUPPORT URGED

All the farmers in the United States are urged to support the Victory Liberty Loan by Oliver Wilson, master of National Grange, who characterizes the loan as "our great national responsibility." Mr. Wilson's appeal follows:

"For the fifth time the government is appealing to the people for financial aid. On the four previous occasions money was needed to win the war and people of all classes liberally respond. Now comes the call for a Victory Liberty Loan, a loan which, now that the fight is won, is necessary to aid in finishing the great task of assuring to all peoples liberty and democracy, that our struggles and sacrifices of the last few years may not have been made in vain.

"I desire to appeal to our entire grange membership and farmers generally to maintain the proud record we have made in the previous loans. Not only subscribe what you can but give this matter prominence at your grange meetings and encourage neighbors and friends to do their part toward fulfilling this our great national responsibility."

AGENTS CARRYING MESSAGE OF THRIFT

Harold Braddock, Director of Savings Division Writes Letter of Appreciation to Each of Eighteen Hundred Workers.

First-hand information and suggestions as to how to obtain increased efficiency and prosperity may now be obtained by women on the farm, in any part of the country, from the home demonstration agents of the department of agriculture. Entering into the national savings movement with a zest that characterizes all their work, some eighteen hundred of these home demonstration agents have been carrying the message of thrift into the farm houses all over the United States.

In appreciation of their voluntarily undertaken work, Director Braddock has written a letter to each worker, commendation, which reads in part: "Thrift is primarily the people's concern. If thrift is to become a permanent national asset, the people's agencies and organizations must definitely assume their share of responsibility for inculcating thrift by including it in their program for action. Schools, churches, business and labor organizations, fraternal societies and women's organizations, as well as agricultural workers and agencies, are already undertaking this work and are in close co-operation with the treasury department."

According to Mr. Braddock's letter, plans for the creation of savings facilities in the home are outlined as follows:

"1. Habit of saving first some part of income for future needs and of spending wisely for present needs.

"2. Home betterment fund, to secure, for example, running water in the house.

"3. Savings plan for every boy and girl.

"4. Savings fund in government securities for every family.

"5. Keeping of accounts to promote wise spending and to increase savings.

"6. Safe investment of savings (Nos. 2, 3, 4) in government securities until money is needed; War Savings Stamps as a desirable investment."

EASY TO SAVE

By the same token that the best way to have anything is do it yourself, the best way to get ahead in the world is save regularly and invest wisely. Your children may be buying Thrift Stamps but the nickels and dimes and quarters they are able to save won't buy a new automobile or a home or a cultivator. The money to do that will not be saved unless you save it.

It's easy enough to save if you do it the W. S. S. way. Quarters planted in Thrift Stamps grow into War Savings Stamps and the interest makes them grow like rain does a summer flower. Save for that happy opportunity. If you're not in a War Savings Society—get in one. Be with the crowd.

Did You Ever Say:
"IF I HAD THE MONEY!"
Then consider
REGULAR SAVING—be moderate about it—it gives you the power of
SELECTIVE BUYING, which saves you still more money, besides getting you just what you want and provides funds for
SECURE INVESTMENTS, which pile up money without help from you while you're getting some more.
It's SURE and it's EASY. Is anything better than that?

BANKS ORDERING HAND GRENADES

Over 175,000 Children In Fifth District Will Be Routing Enemy, Waste, During Summer Months.

Richmond, Va.—According to the latest available figures over five hundred banks in the Fifth Federal Reserve District have ordered supplies of hand grenade penny-savings banks that are to be used by the children for summer savings. The total number of hand grenades that have been ordered exceeds 175,000.

The plan of the hand grenade bank originated in the Treasury Department, and the banks are being distributed in this district by the War Loan Organization here. Every school child under the age of seventeen years may, by applying at the local bank, receive one of these hand grenade penny-banks as a loan for the vacation period. If, during the summer, enough money is saved to purchase one or more War Savings Stamps the bank becomes the property of the child.

The banks are made out of real hand grenades that were to have been used against the Huns. With percussion cap and high explosive removed, and slots cut to receive and take out coins, they are now doing service against the enemy, waste, as banks for savings.

School officials all over the district are enthusiastic about the plan, as they feel that it will not only keep alive but strengthen the thrift ideals that already have been implanted in the minds of the children.

J. H. Binford, assistant superintendent of public schools here, has endorsed the scheme, in a recent letter expressing the hope that all the banks in the district would co-operate by getting supplies of the hand grenades, as the school children are enthusiastic about securing them.

OBJECT IS TO MAKE PEOPLE PROSPEROUS

Government Much Interested In Series of War Savings Societies That Are Rapidly Being Organized.

Government officials at Washington are watching with no little interest the growth of a series of societies springing up all over the United States. They have already attained a membership that reaches well up into the millions.

Treasury department officials are particularly interested in this movement, and it is fostered by that department. As soon as a society is formed the names of the president, secretary and each individual member are placed in the treasury department archives.

These societies are War Savings Societies, and the motive of each society is Thrift. The government, in favoring these organizations, has not only in view the replenishing of the United States treasury through the sale of Thrift and War Savings Stamps, but the big idea is to cause each individual member to learn the value to himself of being thrifty.

The government is not seeking to divert capital from legitimate commercial enterprises. It does not want to tie up vast sums. It is the person who has never saved systematically that it is the most anxious to reach. This person can put aside the small amounts that he has been accustomed to spend, and this, drawing four per cent compound interest, will in an incredibly short time grow into a large enough sum to make the first payment on a home, or to provide a sum with which one may make a permanent investment.

"Nothing is final!" said Napoleon after the battle of Jena. In days of prosperity insure against emergencies. Buy financial safety with War Savings Stamps.

STABBED TO DEATH

Dies as Result Fifteen Wounds Inflicted by Unidentified Persons at Cleveland

Cleveland, Ohio, July 21.—Daniel Kaber, forty-five, wealthy publisher, living in Lakewood, died yesterday afternoon following a mysterious, murderous attack early this morning in his home. Kaber who has been bedridden for several months, was set upon while asleep and stabbed fifteen times. The unknown assailant escaped, leaving a home made dagger, a stained cotton glove and a razor as clues.

As he sank into unconsciousness for the last time, Mr. Kaber whispered to Chief Christensen, of the Lakewood police, the name of a person whom he said "engineered the plot to kill me."

"Look for a man whose finger is nearly bitten off," he added.

While these two clues were being run down, Mrs. Kaber, who had been visiting relatives out of town, returned home and went to the Lakewood Police Station, where she was questioned for an hour.

Chief Christensen said Mrs. Kaber was unable to advance any information which would aid in solving the mystery surrounding the murder of her husband.

GIRL BATHERS DROWN

Four Others Narrowly Escape, But a Farmer Rescues Them.

Wilkes-Barre, Pa., July 21.—Grace Peifer, aged 16, and Marjorie Heffernan, aged 17, both of Luzerne borough, were drowned here Friday, while bathing in the Susquehanna River. Four others had a narrow escape, but were rescued.

The girls were employed in a factory, but quit work early and decided to go to the river, Six were in the party and none of them could swim. They went a short distance from shore, stepped into deep water an started to sink. Their cries brought John Haluin, a farmer, to their aid and he successed in getting four to the shore. The Peifer and Heffernar girls went down before he could return to them. The bodies were recovered.

LOST BOY FOUND

Spring Grove, Ill., July 21.—Six year old Harry Nutter, blackened by exposure and wisened by starvation, awoke Friday in a soft bed instead of a swamp hammock, which was his couch during eleven days he spent alone in the woods.

The boy wandered from home July 6. The woods had been searched from end to end. Yesterday a party of berry pickers heard a faint birdlike chirp. They discovered a strange object—a naked, skeleton like mite.

Harry's voice was spent with that last chirp and he sank into a coma which lasted until today, when he awoke with his mother's arms about him.

Doctors say the boy will recover. He was too weak today to tell what happened in his eleven days' absence.

BANDITS KILL SIXTEEN

Lose Eleven Men Themselves in Attack on Mexican Government Troops at Potam

Nogales, Ariz., July 21.—Bandits who attacked the Federal garrison at Potam, Sonora, 285 miles south of here, Thursday morning, killed sixteen government troops, according to American and British passengers who arrived here today from Mexico. The bandits are reported to have lost eleven killed. The attacking band is said to have been composed of Yaqui Indians.

The Americans said they visited the scene of the Potam fight and found empty cartridges of American manufacture. Reports have been in circulation here that Yaqui Indians were smuggling ammunition into Mexico near Nogales.

THE SHANTUNG QUESTION

Delegates Declare Chinese Will Not Yield to Jap Force

New York, July 21.—Predicting that the 36,000,000 people of Shantung will never surrender to the Japanese aggression," Dr. H. F. Kung and T. H. Hsu, Chinese delegates from Shantung Province to the peace conference, in a statement here, declared that the boycott on Japanese goods throughout the province was the prelude to a possible "uprising."

"Shantung has sent tens of thousands of its citizens to Europe to help win the war," said the statement. "Many lives were sacrificed, Now the reward for this service is to turn Shantung's economic and political rights over to Japan. What will those soldiers find when they go back to their native land? Japanese police, Japanese miners, Japanese enterprises of their own properties. Can we expect these men who have experienced the terror of war on European battlefields to rest satsified?"

The envoys said that not only was Shantung regarded as "sacred territory," because of the birth of Chinese civilization there, but that its people would not allow it to be dominated by a foreign power because of their sense of justice and desire for self-determination.

THEATRES

RICHMOND THEATRE

At the Richmond Theatre tonight Wallace Reid, the screen's most popular star, will be seen in "The Love Burglar," his latest comedy drama. Bray's Pictograph will also be shown.

INGOMAR THEATRE

Barbara Castleton, who has made a big hit in a number of other World productions, is starred with Johhny Hines in the new World Picture, "What Love Forgives," which will be shown tonight at the Ingomar Theatre. Appearing with the stars in this production is a notable cast, headed by John Bowers and Muriel Ostriche. Mr. Bowers has a role in which he is seen to particularly fine advantage, and Miss Ostriche has a forceful part, which she handles splendidly.

"What Love Forgives" has been given a very superior staging, and from all viewpoints it proves up as one of the very best and most entertaining attractions of the year. Chapter 12 of "The Tigers' Trail," will also be shown.

GRAND THEATRE

Lottie Pickford, "little" sister of Mary Pickford, in "On The Level," the Paramount picture starring Fannie Ward in which she is appearing at the Grand Theatre tonight, wears a motor coat and hat of unusual attraction. The coat is of heaviest velour trimmed with bands of contrasting leather and sems almost to envelope petite Miss Pickford, while the smart little toque of soft straw trimmed with a simple band of velvet and buttons, sets off to perfection her piquant beauty. Miss Lottie Pickford is dark haired and eyed, in sharp contrast to Mary. She is a star in her own right, and takes an important role in support of Miss Ward in this picture. Also William Duncan in "The Man of Might," 14th episode.

Don't

Neglect That Tire

They simply can't make tires good enough to prevent tread cuts. And a tread cut means trouble. If neglected the result is a "blowout," sooner or later. The sooner you get an injured tire to us the better—but there's no blow out too bad for us to fix—Right.

Cut Right in Two

That's what our vulcanizing does to your tire expense, and you know, if you're a steady user of a car, that this tire expense is greater today than ever before. It's well worth while to save that money and use the savings for other things in connection with your motoring pleasure. Try our vulcanizing and convince yourself.

To Our Patrons

Alexandria, Va., June 2, 1919.

In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.

This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.

It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.

NOW IS THE TIME

To Build Up Permanently. Nature at Its Best as an Aid.

If you who are weak, nervous and run down from over-work, worry of any other cause would only realize that the summer months is the time to build up strength and vigor there would not be so many collapses and rushing for aid during the winter.

The plan to follow is simple: plenty of rest and good wholesome food along with a strength-creating body- building tonic, Chasco-Vin with its Iron, Manganese, Hypophosphites, Nux and other strength making ingredients, is the tonic we suggest.

If you follow this plan carefully you will notice a wonderful improvement in two weeks time. But don't give up too soon.

The Local agent for Chasco-Vin is Edgar Warfield, Jr., King and Pitt Streets.
